TWO THEWS ON FREE PASSES. In the current number of the North Am from Rendem the free part question is made a subject of discussion, between Charles Aldrich and Judge N. M. Hobbarif. Both writers for uguize the fact that the enly public aspect of this subject is in connection with the distribut tion of passes to legislature and judges. Mri Aldrein points out the aitists of the system, in conferring favors upon mim who came a return them except in their public expanity, in its destruction of public could meet in the justice of the judged whose personal start which with with or passes, and in the use of the passes top free-passinystem as an old custom, refers to all ill be adarched in valid for even an apparent way. * * * Therecords of the legislatures of the epithemistern states reveal no friently

Many of the unrposes for which free passes are issued are praiseworthy. But the distribution [paid]" of dead-head privileges to public officials can

THE CONGRESSIONAL RECORL.

The Congressional Record has become a standing joka. Fow people nutside of anewsrepresentatives who wish to astonish their chanot talk is popularly supposed to be a very small man or not attending to his duty. The and measure a man by the glibness of hi tongue. To sarry on the deception the obscure | general government of the country by mens somebod" to do it for him, and gots it before his constituents under numerion of elegge to print" in the Record. The government is therefore grinding out abor speeches by the ton simply to aid some obscure congressman trict, and has about as drude ideas of legislation as a Ch nose lann lymnan. Now a resolution has been introduced to flo away with this nonsense of printing speeches hever delivered. } It had enough to possess the speeches that have an apokin, but to wade through essays for some obscure constituency is a little too much. There and a fine when the Record bad its use -when papers were for glid name daily. Now the newspaper discusses overything, and prints very speech that is worth printing. The peaplejare myised every day, what their sepresenspace giving the viewe of the gentleman from the bunyombe district. Hence that goldenian the Nijira Koping School." falls back on the Record. It is high time Mr.

AALKED BY A WORD.

In his light against the lottery aw adders the Louisiana State Litting Company-Postmaster General Gresham has been balked by a single word in his efforts begive the act of congress for force and effect. The law provides that registered letters shal not be carried in the mais or money orders paid to "fraudulent" letteries. The postmaster genercompanies or their agent. The public generally agree with Judge Greaham as to the swindis entirely consistent with the spirit and intent of the law, and congrues about not beginned to adopt it. Oregon has set but face against be tertes of all kinds in a way that is very honerable to her people; her have prohibit even the problem of lottery advert sements; but a what in Gal's some is right. Everywhere and there are few states which have reached this there are few states which have reached this high ground of public morality, it is well that congress should not as suggested. Only so can it make the prohibition regainst use of the mails not addiss the use of the braiding iron upon the latter than the prohibition regainst use of the prohibition regainst regainst

universally regarded as a curse to the a part of the body politic. It is simply a question, as we said a short time ago, whether it is best for the country-fluid it is fisher should be performed by its citizens, by people who, as it in for soldier's pay. Governor Cousty expresses &. grow up into a part of the body points, by whether it shall be part of the body points, or whether it shall be performed by an alien and sirvels class, whose of forcetry, in his forthcoming aport recommends that it is to screpe together what they can be marry away to China." It must be done by one those shall be immediately with light from allowing the control of the or the other of these classes.

Voung Nutt is soon to be used a Petiting and survived. He will further thin that the proper course for the countries of the feedbarn to pursue would be to absolute the plet of meaning an unworthy subterfuge and fraulty confess that the bdy "knew what he wis doing when he hilled the sounders that he and meaning that the bdy "knew wat he wis doing when he hilled the sounders that he had morprovocation that he bdy "knew wat he wis doing when he hilled the sounders backed that and morprovocation that he did the shounders backed that he had morprovocation that he did the shounders backed the control of the countries of the visit of the control of t do the same thing again under like execumetances." What just would find a verdict of mer

EDUCATION IN THE SOUTH

Seebral contributions of nove than orthany interest have recently been used upon the subject of filliberacy in the south, in which attention is called to the work doing by the be refactions, as those from the Vander bil family, Schey, Slater, and the munificent endowments of Tileston and Emory. At the meeting of the trustees of the l'cabor educations and, Boung C. Wit the op shelvested an address setting forth the pogression needs d that timet. That a great core has been det in the south is apparent; it, is Mr. Whither p says, all that has been done Entherto has only served to reveal more distinctly the visitues. the field which remains to be compact?" George Postedy, as many chief readers make remember gave in trust out malijon didners in 1867, true the production, and exceeding other termination of interior clusterial citization of insaltefual, moral or industrial clusteron configuration including the young of the modest stifute portions on case size it because color as a set of the seatthern and setting stem state of our case size it because color as a set of growning. union. In addition, hough of the state of M: union. In addition, bonds of the state of \$11 - seasoph, amounting with interest to no nut \$1 - to respondent of the New York Toward Respondent with hashest sounding leading regard cans in Philadel to the and also the trues who hashest sounding leading regard cans in Philadel to this final knother vertically and no one to Inner the last test legislations. Well the state of the last test legislations who hashest sounding leading and no one to Inner the last test legislations.

Such sweeping propositions are hardly worth few plants ago John F. Slate, or Norwich, Conputer for the present that the present of the case. Whether any laws invalided and the case in that they are stream these invalidations and the congregate, is not without sites and manufactured to describe the congregate, is not without its significance, and when H o terrible like has been untered in a lefter account and also bonds of the state of the stat gether beyond the reach or competence, of any or them their quare name so to be made in the oxeni-mere private beneficious or indowners. The care and responsibilities and life in the exemi-tive namion. The vermont delegative to Do. 850 core constituent of the care and reach in the ca tion by Mississippi and Florads of bonds which Chicago convention, I dwever, will present his

states, which have been anced by that fane, by beneter Elmunds. of dead-head privileges to public officials can be applied their benefaction of the Curry of higher and should of highrand. Va., the general agent of the prevailed. results are vastly disprepartionate to pron ises, expectations and xperditures, paper office ever open and fewer still our a news work of the trust is embarrassed by the actic i Qualitate of it is made up of squaeties of some of the states in making "an unwise discrimination betwint the races in the disbursement of school funds," and he omeludes by saying the, "if the reactionary apirit be not rializing congress. But if the ordency in our tain sour seru states to restrict the education advantages of the colored-cace continues and make !'a white man's govern m'n " in the sense of keeping the negroes so servicing through prove a mistaken charity and or gress will be se lustified in adding more refilious to magniposition aken by the recent educational cov-

A more hapeful view of this subjust, it mly lair to say, is presented by Bev. A. D. Mayo, arran who has had a ony and success ful ever ener in selic d work, both that and west, in a payer on "The South, the North, and falls lack on the Record. It is high line Mr. I at some range the line of constant and Nordic was stopped. The world can de without south for Mayo en uncrates results which, to say the least, are flattering to the southers; that place within the coming year, eitizen north and south. In fact of the unper-erished and cosorganized on liting of every-thing boath, at the close of the war, every state has now a system of public it struction madele !

said that federal aid would be we come only on

after the plan of the Nev England company rule, are the lest representatives of the races. many of the former coming topm the leading families. Contrary to the charge of disloyalty heralded by partisan polit cities, the text backs al takes the position that all lotteries are fraid- are the best, these being neither sectarian, soc. nient, the risole business being to induce the tional ner southern. It is surw in his paper that the south has practically abandoned the thing for practically to hing.—the matter of partitional private school system and is universally being entirely in the hands of the sally committed to public instruction advi-

ally agreed with studge or cannon as to the owners.

And what is study more one or quaging to the common his efforts to lot y them the facilities of the night, but until congress amounts the law he will not be able to reach those lottery companies which are chartered by state faw. Thus parties which are chartered by state faw. Thus paties which are chartered by state faw. Thus the Louisland company contends that he listic tution regular A and listic tution regular A and listic manner be "fraudulent," and pituting itself upon tais "fraudulent," and pituting itself upon tais technical; ground has been thus far engibled to they are the proposes of, the postofice departion of the proposes of the postofice departion. technical ground has been thus ter engibled to thwart the purposes of the postolice department. Judge Greekham now asks congress to around the statute by striking out the word "fraudicest," on the ground that "state laws cannot engine the inhepent character of a lottery, nor render that hope of gambling less nursing the public morals, nor cutiffe in foot of the public morals, nor cutiffe in the cution states for distributing, and purious to the public inorals, nor entitle its the result has been general and carnest disaiders and abetters to use the mails as a means caselon, in the course of which the philiciting of promoting an enterprise which nearly every press if bring wors ed. Dr. Haygood is doing the tenders with which the lottery thieves cling to and ambitious whites, when he captured by his tending with which the lotterly thieves ging to the system shows that there are large profits in the system shows that there are large profits in the manual progressive deas, and for the public through the use of the mails will not be surroundered until the last barrier is broken down. Indge freeshands recommendation is not only in accord with popular sentiment, but is entirely rounsistent with the spirit and intent and concerns should not he sitate to the first and concerns should not he sitate to

deserters, but the application of a mark in in delible ink, which need not designee the per-In the papers of Governor Crosby of Mon-tana to the secretary of the interior, the Cha-uses question, as it is understood by the people to whom it is a matter of practical interest, is enlist again, for the sake of gotting transportation and clothing, as General Howard says is tion and clothing, as General Howard says is many of these strange creatures in these territory, he says, and "white they seem to be very
